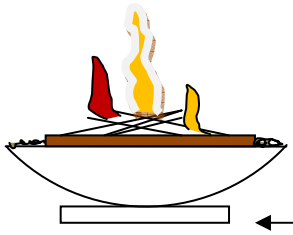
Re : **Potanico Fire Pits** *Stylish , functional, long lasting non rusting with child safety anti scald outer bowl*

1. Diam 1000mm x h 180 mm with an w 800 Diam x 100 mm x 5 mm heavy duty steel fire ring $440 +gst

2. Diam 1200 mm x h 400 mm with a 900 mm x 100 mm x 5 mm heavy duty steel fire ring $495 + gst

Note: all fire pits includes 2 x coats anti uv / anti stain sealer and can also be easily converted back to a water bowl or planter.

An optional matching 500 mm x 500 mm x 75 mm base plinth is also available $68 + GST, this is a simple way of neatly presenting the bowl and if young children are applicable this also lifts the fire pit up to a good safety height for them.



Optional 500 x 500 x 75 mm base plinth

3. Diam 1400 mm x 440 mm with heavy duty steel fire Ring $650 + gst

Optional 650 x 650 x 75 mm base plinth is $110.+gst

---

large semi modern Bowl styles

c) Steel frame with 4 legs 1600 mmx h 200mm $ 420 +gst Rust Verdi finish (as per 1600 diam example above)

Square base plinth

These fire pits were originally designed for campgrounds were child anti scald requirements are imperative.

The outer bowl is designed to not rust or corrode or get hot and can be coloured or finished to suit a particular architectural theme or shape.

They are filled with a standard potting mix to approximately 50 mm from the top with the final 50 mm filled with sand . The steel ring is centred on the sand for your fire and the outer space between the steel ring and bowl edge is filled with an igneous rock (not sedimentary) of your choice .

Potting mix , sand , pebbles / stone not included (bagged stone available upon application)
